## INTRODUCTION

Oh no, the evil Dr. Robotnik is back and meaner than ever! Sonic, Tails and Knuckles need to use all their speed and skill to keep the world a safe place and defend the Floating Island.

## GOAL

Collect as many gold rings as possible and defeat the evil boss at the end of each level. Your ultimate goal is to reach and defeat the evil Dr. Robotnik, and save the world.

## PLAYING THE GAME

Make sure your game.com system is OFF. Insert the SONIC JAM cartridge into the cartridge slot. Turn on your game.com. Touch CARTRIDGE on the MAIN MENU screen. Touch GAME START to begin.

Use the DIRECTIONAL KEYPAD to select the SONIC game you wish to play - SONIC 3, SONIC 2 or SONIC & KNUCKLES. Press the A key or use the touch screen to enter your selection,

Use the DIRECTIONAL KEYPAD to select the character you wish to be - SONIC, KNUCKLES or TAILS. Press the A key or use the touch screen to enter your selection.

You begin the game with 3 lives. If you lose a life, you must restart the Act from the last Star Post you passed. If you lose all your lives, the game is over.

There is a time limit for each stage. If you take too long and the time runs out, you must repeat the stage. However, if you zipped past one or more Star Posts during the Act, you'll only have to repeat from the last Star Post you passed.

If your character hits a trap, or gets attacked by a Badnik, he will lose his rings. Without rings, an enemy hit will cost you a life. Hang on to your rings!

You may defeat your enemy by jumping on him. Be careful, though: if you fall off the screen, you die.

In the BONUS stage, you earn 10,000 points when you grab all of the black balls that appear. Avoid the white balls! You will leave the BONUS stage when contact occurs with the white balls. And be forewarned - black balls turn into white balls after your character makes contact. If you enclose an area of black balls by turning the outside of a group of black balls to white ones, the group of balls will become rings that you can collect. You will earn 100 points for each ring you grab.

Collect 100 rings and you add a life!
